My name is Tannor Purdon and I am the reporter of the week.

My Guinea Pig.

I got a guinea pig on my 6th birthday.

I couldn’t wait to get him out. I named him Speedy Rainbow because he was fast so I named him Speedy and he was really colourful so I added Rainbow on it. I put the two words together and it made a name that I liked the sound of.

When I got to know him and he got to know me I got him out and made him follow me. If he was out of the cage and he saw me walking away with his home he started following me. Then I made him follow me without his little house.

When I’m feeling sad or lonely I like to go and play with him and he always makes me happy and I forget what happened. He’s getting old and he’s turning 4 this year. Guinea pigs live to about 6 to 7 years old. I don’t know when his birthday is.

He loves carrots, lettuce, weeds and a lot of other things to. He stays where I put him unless there is danger or something going to attack him he would run into a bush.

He is very, very fun to play with if you know how to play with a guinea pig.
